

# Chip Ejector & Blower Assembly

**Muller ♦ Harris Graphics ♦ Heidelberg Finishing  
AM Graphics ♦ Sheridan ♦ Folders**

This system is built with top quality components which include heavy duty tubes with quick fit clamps, heavy duty elbows and a chip collector. A Siemens 4.6 horsepower, 230/460 volt 3-phase regenerative blower provides 250 CFM of air flow.

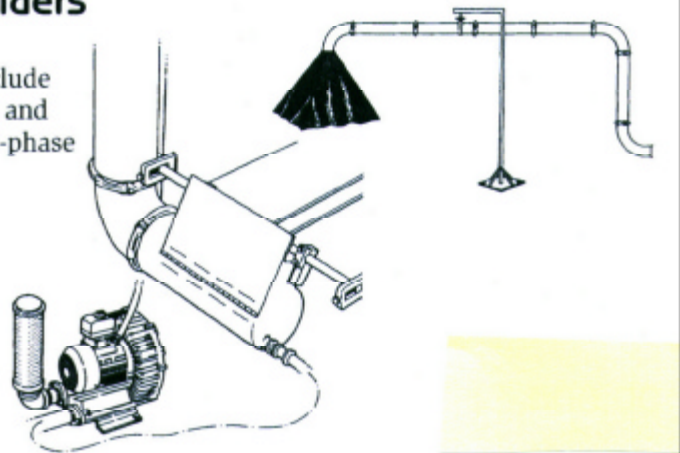

#### Motor

- ◆ Prewired
- ◆ Manual starter
- ◆ Overload protection
- ◆ High volume inlet muffler
- ◆ Height adjustable stanchion for pipe support

#### Duct Assembly includes:

- ◆ 4 five foot pipes
- ◆ 3 pipe nipples
- ◆ 3 elbows
- ◆ Collector net

*Above items allow for flexibility in floor design. Additional pipe is available.*
